

CD NO. 10 Nov 51

DATE DISTR.

NO. OF PAGES 1

NO. OF ENCLS.  
(LISTED BELOW)

SUPPLEMENT TO  
REPORT NO.

1. The AEG factory is located at Strada Doamnei No. 14 in Bucharest. This factory has 150 workers and manufactures electric motors and transformers.
2. The transformers produced are various types from 380 volts to 25,000 volts. The electric motors are of the 105 kilowatt type and the generators are for three-phase current. Between four and five transformers and nine motors are produced each month.

4. A new hydroelectric power plant was recently begun at Cheile Bicazului; the plant is to utilize the waters of Lake Tulghies.
5. In July 1951, Red Cross instruction was given to factory workers. The doctor giving the course stressed the care of wounds and gas wounds. No mention was made of the effects of the atomic bomb.
